Our Fundamental Principles:

- Ensuring top-notch quality for everyone.
- Prioritizing our customers above all else
- Upholding the customer's perspective as paramount.

About Company 1

MEPP Communications Ltd is a private limited liability company and one of the leading Content Service Providers, IT system integration and software development companies in Kenya. Our key partners are Mobile telecommunication and Enterprise systems companies. We thrive on a broad but specialized service range covering but not limited to USSD, Short Codes, Bulk SMS, mobile payment integration, IT Consultancy, software design and development as well as related professional services; hardware deployment and maintenance.

About Company 2

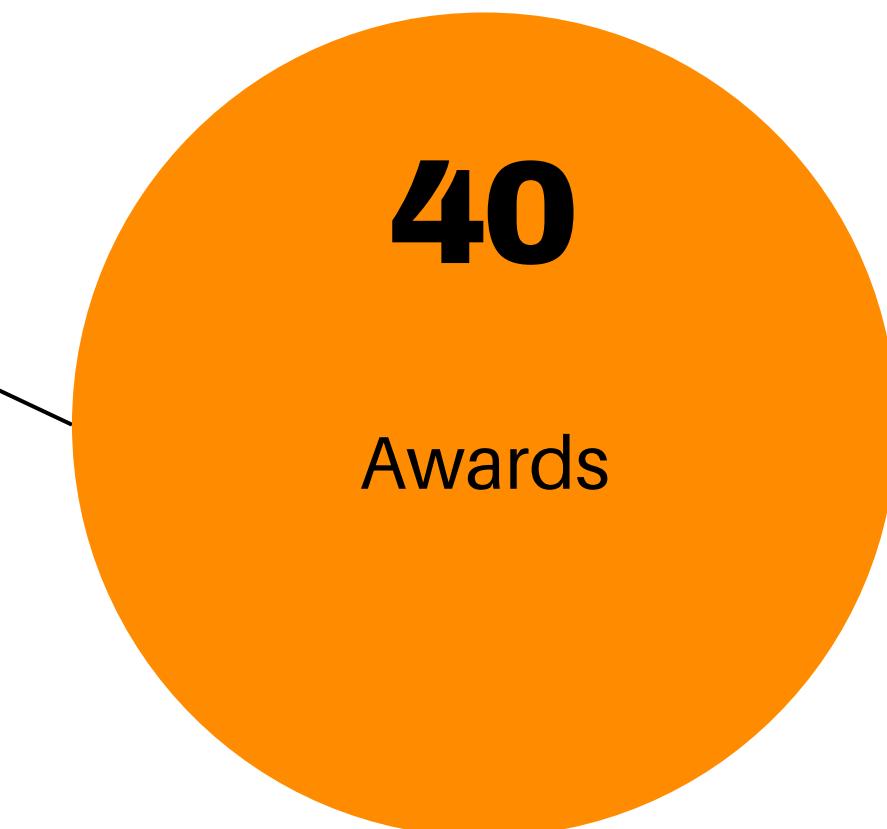

Established in 2016, our customer base has tremendously grown due to our ability to stand out as a dependable solution provider offering high quality professional services, top notch customer care and satisfaction.

With different solutions we have been able to serve and continue serving the following sectors; Government (Local and Central) Non-governmental (NGOs) Financial Services (insurance, Sacco's, banking and clearing house) Telecommunications Energy and Utilities Betting Companies Health Care Sector Education Sector.

About Company 3

MEPP Communication's differentiation point comes with these three simple principles that define our business: Loyalty and professionalism; a true collaboration with customers and partners built on the ability to provide competent and professional service for the mutual benefit of all. Transparency and responsibility; on the premise of being a solution provider, Complete understanding of customer's business requirements, and providing the best and most cost-effective and business-sound solution to their needs. Consistency and Continuity; we strive to hire and maintain highly skilled and professionally certified staff to grow and maintain quality solutions for our customers and partners.

MUTAI KIPNG'ETICH PETER

CEO

As the CEO of Mepp Communications Limited, I'm proud to lead a team that's committed to excellence in the world of Premium Rate Services in Kenya. Since our establishment in 2016, we've been dedicated to providing top-tier services that truly make a difference. At Mepp, we're not just a company – we're your partners in innovation. Our comprehensive offerings, including Bulk SMS, Shortcodes, USSD, and IVR services, reflect our dedication to staying ahead of the curve and delivering cutting-edge solutions to our valued clients. Transparency, honesty, and integrity are the pillars that drive us forward. We're not just here to provide services; we're here to build lasting relationships. Our commitment to challenging you when you need it, combined with our deep industry knowledge, ensures that we bring valuable insights to every project.

Our Service

SHORT CODES

A short Code is a five-digit number, which can be used to both send and receive messages from clients

USSD

USSD is a technology used to send information(Usually text menus)between a mobile phone and an application network.

BULK SMS

Bulk SMS allows you to send Bulk SMS text messages to your Customers,staff,clients and Business contacts via a simple web based application.

IVR

IVR, short for Interactive Voice Response, is an automated system utilized by businesses for various purposes.

Our Service

SOFTWARE DEVELOPMENT

These are Custom made solutions. We have expertise in custom software development designed using Object Oriented Programming Languages e.g Java, PHP, C, C++, ASP.NET, providing specialized software products, IT services and custom end-to-end solution to our enterprise customers

MOBILE PAYMENT INTEGRATION

Collect Payments easily with no time limitations through the M-PESA paybill. This is a cashless collection service that allows your organization to collect money on a regular basis from your customers through mpesa. Additionally, our Bulk Disbursement allows you and your organization to make payments to groups of people in real time at the click of a button.
